Introduction

Praise to **Allah (God)** of the universe and **His** peace and blessings may be upon our Prophet Mohammed (peace be upon him and upon his family and companions).

No doubt that one of the most important points that should be considered while raising-up the Muslim child is to bind him and his heart with **Allah** (praise to **Him**) and teach him to keep his tongue at all times and in all conditions moist with the remembrance of **Allah**.

From this concept, we have collected these invocations and supplications (as the Prophet was guided to say), recorded in Hadiths, to help the young Muslim during the delicate phase of his up-bringing and the formulation of his Islamic character.

In order to make it easily grasped, we have chosen some sayings of the prophet Mohammed (peace be upon him) in remembrance, thus as a brief selection to meet the children's perceptions. So we realize their great impact in the coming phases of the young Muslims' education, so that only sound and trusted Hadith coming from Prophet Mohammad (P.B.U.H.) have been used.

We ask **Allah** to accept this humble collection as having been done sincerely for **His** sake. May Allah guide us and our children to what He likes and approves. AMEN
